## 1. Account Activation Instruction

Before trading, the first step is to activate your trading account. To do that, you need to check your email to find out the verifying email similar to the one below. The email includes following information: user name (similar to your email), auto-generated password (you need to change this after first-time login), and other personal details (full name, gender, ID number, phone and email).

After clicking in that link, you will be informed if your account has been successfully activated.

You will also receive a welcome email afterwards.

Callouts in the image indicate: "Select to view your detailed portfolio" pointing to the "View Detail" link, and "Click Sell then the Place order box will appear" pointing to a "Sell" button. The "Portfolio" button in the bottom navigation bar is also circled.

### Option 4 (Sell only): Portfolio page

In **PORTFOLIO** page, you can see your complete portfolio with relevant information. Besides that, you can also sell individual/multiple orders.

You can also sell multiple orders in this page:

## 4.2. Steps to place order

**Step 1:** Enter the **Quick order** box and select type of order you want to use - Normal / 247 / GTD (Good-till-date) / Conditional.

The screenshot shows the top part of the Quick Order form. At the top, there are four radio button options for order types: "Normal order" (selected), "247 order", "GTD order", and "Conditional order". These options are circled in red. Below the radio buttons are two buttons: "Buy" (green) and "Sell" (pink). To the right of these buttons are input fields for "Symbol", "Detail", "Volume" (with a "/ 0" suffix), and "Price" (with a "x1,000" multiplier). Further right are "BUY" (green) and "Cancel" (grey) buttons. On the far right, there are two checkboxes: "Save order" and "Confirm order".

**Step 2:** Select the Buy/Sell order:

This screenshot is identical to the previous one, but the "Buy" button is now highlighted with a red circle, indicating it has been selected.

This screenshot is identical to the previous one, but the "Sell" button is now highlighted with a red circle, indicating it has been selected.

**Step 3:** Fill in required information by using your mouse or tab Enter↵ to switch between input boxes.

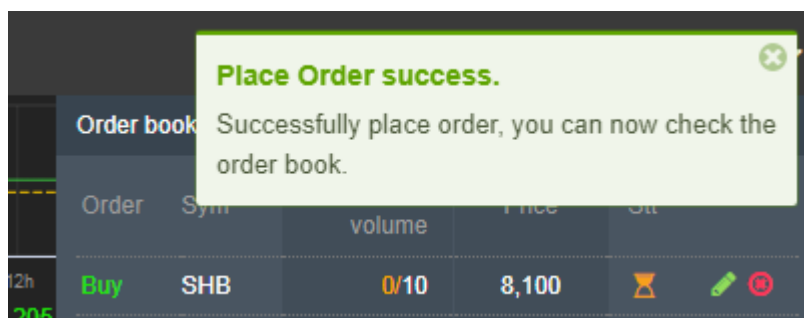

**\*Note:** Price unit is \*1000 VND

The screenshot shows the Quick Order form with several fields filled in. At the top, there are numerical values: "15.6", "17.3", "19", "B1: 17.10", "V1: 1,230", "S1: 17.20", "V1: 12,280", "Margin Rate: -", and "Exchange: HNX". Below these are the order type radio buttons. The "Buy" button is selected. The "Symbol" field contains "SHB". The "Volume" field contains "10". The "Price" field contains "8,1" with a "x1,000" multiplier. There are also buttons for "LO", "ATC", "MOK", "MAK", and "MTL". The "BUY" button is highlighted with a red circle.

**Step 4:** After filling necessary information, you have to confirm your order to put it through.

This screenshot is identical to the previous one, but the "BUY" button is now highlighted with a red circle, indicating it has been clicked to confirm the order.

Your order will be successfully placed if the notification shows up like this on the top right of the screen:

## 5. Order Modifying/Cancelling Instruction

Notice: Before planning to modify/cancel order, you need to look at order status. If the orders have been completely matched, you could not modify/cancel these orders.

There are two ways to modify/cancel:

**Option 1:** Through the Quick Action bar on the bottom of the page, click on **Order book**.

**Option 2:** Through Order book page.

### 5.1. Option 1:

Click here to enter Order book page

You can edit orders by clicking or cancel orders by clicking
