**BUY**  
UNCHANGED

### เริ่มต้นปีด้วย 1Q23 ที่ดี

- กำไรสุทธิ 1Q23 อยู่ที่ 217 ลบ. (+94% q-q, +79% y-y) โดยมีปัจจัยสำคัญอยู่ที่การเติบโตของรายได้ที่อยู่ในระดับสูงจากโรงไฟฟ้าพลังน้ำหลวงพระบาง
- งานในมือและระดับสูงสุดเป็นประวัติการณ์ที่ 1.49 แสนลบ. ณ. สิ้นไตรมาส 1Q23 ซึ่งบริษัท จะรับรู้เป็นรายได้ก่อสร้างได้ในช่วง 6 ปีข้างหน้า
- คำแนะนำซื้อที่ราคาเป้าหมาย 26 บาท (SoTP)

TARGET PRICE	THB26.00

### ผลประกอบการ 1Q23 กระจุดเพิ่ม q-q และ y-y

CK รายงานกำไรสุทธิ 1Q23 ที่ 217 ลบ. (+94% q-q, +79% y-y) เมื่อหักกำไร 49 ลบ. จากการขายเงินลงทุนใน BEM กำไรปกติอยู่ที่ 169 ลบ. พลิกเป็นกำไรได้จากที่ขาดทุน 75 ลบ. ใน 4Q22 และเพิ่มขึ้น 39% y-y กำไรที่ติดงกล่าวได้ปัจจัยหนุนจากรายได้ก่อสร้างที่โตดีหลักๆ จากโครงการโรงไฟฟ้าพลังน้ำหลวงพระบาง

### รายได้ก่อสร้าง 1Q23 สูงสุดในรอบ 22 ไตรมาส

ใน 1Q23 รายได้ก่อสร้างกระจุดเพิ่มเป็น 9.4 พันลบ. (+140% q-q, +34% y-y) สูงสุดในรอบ 22 ไตรมาส ตัวเลขเพิ่มขึ้นอย่างมีนัยสำคัญจากการรับรู้ฐาน Pre-construction ของโครงการโรงไฟฟ้าพลังน้ำหลวงพระบาง (one-time) ซึ่งคิดเป็น 48% ของรายได้ ส่วนที่เหลือมาจากโครงการที่กำลังดำเนินงานอยู่ อาทิ รถไฟฟ้า MRT สายสีส้ม (ตะวันออก), ทางด่วนพระราม 3, และรถไฟฟ้า MRT สายสีม่วง อย่างไรก็ตามกำไรขั้นต้นปรับตัวลดลงเหลือ 7.1% ใน 1Q23 (เทียบกับ 7.7% ใน 4Q22 และ 8.4% ใน 1Q22) จาก Project Mix ในขณะที่ส่วนแบ่งกำไรจากบริษัทรวมอยู่ที่ 200 ลบ. ลดลง 17% q-q จากผลประกอบการที่อ่อนแอของ CKP จากปัจจัยด้านฤดูกาล แต่เพิ่มขึ้น 139% y-y จากการฟื้นตัวของตัวเลขรถยนต์ที่ใช้ทางด่วนและตัวเลขผู้โดยสารรถไฟฟ้าของ BEM หลังการแพร่ระบาดของโควิดคลี่คลาย

### แนวโน้มเชิงบวกจากมูลค่างานในมือที่สูงเป็นประวัติการณ์

CK มีมูลค่างานในมือทำสถิติสูงสุดใหม่ที่ 1.49 แสนลบ. ณ. สิ้นไตรมาส 1Q23 เพิ่มขึ้นจาก 56 พันลบ. ณ. สิ้นปี 2022 มูลค่างานในมือที่เพิ่มขึ้นมาจากโครงการโรงไฟฟ้าพลังน้ำหลวงพระบาง มูลค่า 9.98 หมื่นลบ. ในขณะที่โครงการสำคัญที่อาจเป็นส่วนเพิ่มกับงานในมือเพิ่มคือโครงการรถไฟฟ้า MRT สายสีส้ม (มูลค่า 1.09 แสนลบ.) ซึ่งคาดว่าจะเซ็นสัญญาเมื่อมีการจัดตั้งรัฐบาลใหม่แล้วเสร็จ แม้ว่า 2Q อาจเป็น Low Season สำหรับการก่อสร้างเนื่องจากมีวันหยุดยาวและเป็นฤดูฝน อย่างไรก็ตาม เราคาดว่าผลประกอบการของ CK ใน 2Q23 จะปรับขึ้น q-q และ y-y โดยได้ปัจจัยหนุนจาก 1) รายได้ก่อสร้างที่โต y-y จากมูลค่างานในมือที่สูงขึ้น; 2) รายได้เงินปันผลจาก TTW; และ 3) ส่วนแบ่งกำไรที่สูงขึ้นจากบริษัทรวม BEM และ CKP ตามปัจจัยด้านฤดูกาล

### คงราคาเป้าหมายและคำแนะนำ

เราคงราคาเป้าหมายการปรับขึ้นปี 2023 ของเราไว้ที่ 1.4 พันลบ. (+62% y-y) ราคาหุ้นปรับตัวลดลงไปแล้ว 13% ภายในสัปดาห์นี้ จากความกังวลเกี่ยวกับนโยบายเพิ่มค่าจ้างขั้นต่ำของรัฐบาลผสมใหม่ โดยเราประเมินว่าค่าจ้างที่ปรับขึ้นทุก ๆ 5% จะทำให้กำไรปี 2023 ลดลง 8% อย่างไรก็ตาม ผลกระทบอาจน้อยกว่าถ้ารัฐบาลมีมาตรการช่วยเหลือผู้ประกอบการ

Share price performance	1 Month	3 Month	12 Month

## Public disclosures related to sustainable development evaluation of Thai listed companies

**Rating** regarding the sustainable development of Thai listed companies, both on the SET and MAI, are publicly available on the website of the Securities and Exchange Commission of Thailand (SEC). Currently, ratings available are 1) "**CG Score**" by the Thai Institute of Directors Association (Thai IOD); 2) "**AGM Checklist**" by the Thai Investors Association (TIA), a "**CAC certified member**" of the Thai Private Sector Collective Action Against Corruption (CAC); and 3) **Sustainability Investment List (THSI)** by the Stock Exchange of Thailand. The ratings are updated on an annual basis. FSS International Investment Advisory Company Limited does not confirm nor certify the accuracy of such ratings.

### CG Score by the Thai Institute of Directors Association (Thai IOD)<sup>1</sup>

The **CG Score** indicates corporate governance (CG) strength in the sustainable development of Thai listed companies. Annually, the Thai IOD, with support from the Stock Exchange of Thailand (SET), surveys and assesses the CG practices of companies and publishes the results on the [Thai IOD website](#) in a bid to promote and enhance the CG of Thai listed companies in order to promote compliance with international standards for better investment decisions. The results are from the perspective of a third party, not an evaluation of operations, as of the date appearing in the report, and may be changed after that date.

The **five underlying categories and weighting** used for the CG scoring in 2022 include the rights of shareholders and equitable treatment of shareholders (weight 25% combined), the role of stakeholders (25%), disclosure and transparency (15%), and board responsibilities (35%).

The CGR report rates CG in six categories: 5 for Excellent (score range 90-100), 4 for Very Good (score range 80-89), 3 for Good (Score range 70-79), 2 for Fair (score range 60-69), 1 for Pass (score range 60-69), and not rated (score below 50).

### AGM Checklist by the Thai Investors Association (TIA)<sup>2</sup>

The "**AGM Checklist**" quantifies the extent to which shareholders' rights and equitable treatment are incorporated into business operations and the extent to which information is sufficiently disclosed and the level of its transparency. All the considered factors form important elements of two out of five the CG components. Annually, the TIA, with support from the SEC, leads the project to evaluate the quality of Annual General Meetings of Shareholders (AGMs) and to rate quality of the meetings.

The **Checklist** contains the minimum requirements under law that companies must comply with, or best practices according to international CG guidance. Representatives of the TIA will attend the meetings and perform the evaluation. The assessment criteria cover AGM procedures before the meeting (45%), at the meeting date (45%), and after the meeting (10%). The first assesses 1) advance circulation of sufficient information for voting; and 2) facilitating of how voting rights can be exercised. The second assesses 1) the ease of attending meetings; 2) transparency and verifiability; and 3) openness for Q&A. The third involves the meeting minutes that should contain discussion issues, resolutions and voting results.

The results are classified into four categories: 5 for Excellent (score 100), 4 for Very Good (score 90-99), 3 for Fair (score 80-89), and not rated (score below 79).

### CAC certified member by the Thai Private Sector Collective Action Against Corruption (CAC)<sup>3</sup>

A **CAC certified member** is a listed company whose Checklist satisfies the CAC Certification's criteria and is approved by the CAC Council. The core elements of the Checklist include corruption risk assessment, establishment of key controls, and the monitoring and developing of policies. Note that the CAC does not certify the behaviour of the employees nor whether the companies have engaged in bribery, and Certification is good for three years.

Companies deciding to become a CAC certified member **start with** by submitting a Declaration of Intent signed by the Chairman of the Board to kick off the 18-month deadline for companies to submit the CAC Checklist for Certification. The 18-month provision is for risk assessment, in place of policy and control, training of managers and employees, establishment of whistleblowing channels, and communication of policies to all stakeholders.

The checklist document will be reviewed by the CAC Certification Committee for adequate information and evidence. It is worth noting that the committee consists of nine professionals in business law, corporate governance, internal audit, financial audit and experienced representatives from certified members.

A passed Checklist will move on to the **CAC Council** for granting certification approvals. The CAC Council consists of twelve prominent individuals who are highly respected in professionalism and ethical achievements. Among them are former ministers, a former central bank governor, the former head of the Thai Listed Companies Association, Chairman of Anti-Corruption Organizations (Thailand), Chairman of Thai Institute of Directors, and reputable academic scholars.

### Sustainability Investment (THSI)<sup>4</sup> by the Stock Exchange of Thailand (SET)

Thailand Sustainability Investment (**THSI**) quantifies responsibility in **E**nvironmental, and **S**ocial issues, by managing business with transparency in **G**overnance. The THSI serves as another choice for investors who desire to adopt a responsible investment approach, according to the SET.

Annually, the SET will announce the voluntary participation of the company candidates which pass the preemptive criteria, and whose two key crucial conditions are met, i.e. no irregular trading of the board members and executives and a free float of >150 by the number of shareholders, and combined holding must >15% of paid-up capital. Some key disqualifying criteria include a CG score of below 70%; independent directors and free float violation; executives' wrongdoing related to CG, social and environmental impacts, equity in negative territory, and earnings in the red for more than three years in the last five years. To become eligible for THSI, the candidate must pass three indicators in data declaration: **E**conomic (CG, risk management, customer relation management, supply chain management, and innovation); **E**nvironmental (environmental management, eco-efficiency, and climate risk); **S**ocial (human rights, talent attraction, operational health & safety, community development, and stakeholder engagement); and the incorporation of ESG in business operations.

To be approved for THSI inclusion, verified data must be scored at a 50% minimum for each indicator, unless the company is a part of the Dow Jones Sustainability Indices<sup>5</sup> (DJSI) during the assessment year. The scoring will be fairly weighted against the nature of the relevant industry and materiality.

Note that, from the **THSI list**, the SET further developed a sustainability **SETTHSI Index** in June 2018 from selected THSI companies whose 1) market capitalisation > THB5b (~USD150b); 2) free float >20%; and 3) liquidity >0.5% of paid-up capital for at least 9 out of 12 months. The SETTHSI Index is a market capitalisation-weighted index, cap 5% quarterly weight at maximum, and no cap for number of stocks.

#### Disclaimer:

<sup>1</sup> Thai Institute of Directors Association ([Thai IOD](#)) was established in December 1999 and is a membership organisation that strives to promote professionalism in directorship. The Thai IOD offers directors certification and professional development courses, provides a variety of seminars, forums and networking events, and conducts research on board governance issues and practices. Membership comprises board members from companies ranging from large publicly listed companies to small private firms.

<sup>2</sup> Thai Investors Association ([TIA](#)) was established in 1983 with a mission to promote investment knowledge and to protect the investment rights of Thai investors. In 2002, the association was appointed by the Securities and Exchange Commission (SEC) to represent individual shareholders. To obtain information for evaluation, the association recruits volunteer investors to join AGMs and score the meetings. Weightings for each meeting are at a 45:45:10 ratio. They have been applied since 2017 and subject to change.

<sup>3</sup> Thai Private Sector Collective Action against Corruption ([CAC](#)) was founded in 2010 and is 100% privately funded. It is an initiative by the Thai private sector to take part in tackling corruption problems via collective action. The CAC promotes the implementation of effective anti-corruption policies in order to create a transparent business ecosystem by developing a unique certification program for large/medium/small companies to apply for and to control corruption risk systematically and efficiently. The CAC's operations are sponsored by the US-based Center for Private Enterprise (CIPE) and the UK Prosperity Fund.

<sup>4</sup> Sustainability Investment List ([THSI](#)), created by the Stock Exchange of Thailand in 2015, comprises the listed companies that conduct sustainable business operations.

<sup>5</sup> Dow Jones Sustainability Indices – [Wikipedia](#) – Launched in 1999, DJSI evaluates the sustainability performance of companies based on corporate economic, environmental, and social performance.

All share prices are as at market close on 16-May-2023 unless otherwise stated.

## RECOMMENDATION STRUCTURE

### Stock ratings

Stock ratings are based on absolute upside or downside, which we define as  $(\text{target price}^* - \text{current price}) / \text{current price}$ .

**BUY (B).** The upside is 10% or more.

**HOLD (H).** The upside or downside is less than 10%.

**REDUCE (R).** The downside is 10% or more.

Unless otherwise specified, these recommendations are set with a 12-month horizon. Thus, it is possible that future price volatility may cause a temporary mismatch between upside/downside for a stock based on market price and the formal recommendation.

\* In most cases, the target price will equal the analyst's assessment of the current fair value of the stock. However, if the analyst doesn't think the market will reassess the stock over the specified time horizon due to a lack of events or catalysts, then the target price may differ from fair value. In most cases, therefore, our recommendation is an assessment of the mismatch between current market price and our assessment of current fair value.

### Industry Recommendations

**Overweight.** The analyst expects the fundamental conditions of the sector to be positive over the next 12 months.

**Neutral.** The analyst expects the fundamental conditions of the sector to be maintained over the next 12 months.

**Underweight.** The analyst expects the fundamental conditions of the sector to be negative over the next 12 months.

### Country (Strategy) Recommendations

**Overweight (O).** Over the next 12 months, the analyst expects the market to score positively on two or more of the criteria used to determine market recommendations: index returns relative to the regional benchmark, index sharpe ratio relative to the regional benchmark and index returns relative to the market cost of equity.

**Neutral (N).** Over the next 12 months, the analyst expects the market to score positively on one of the criteria used to determine market recommendations: index returns relative to the regional benchmark, index sharpe ratio relative to the regional benchmark and index returns relative to the market cost of equity.

**Underweight (U).** Over the next 12 months, the analyst does not expect the market to score positively on any of the criteria used to determine market recommendations: index returns relative to the regional benchmark, index sharpe ratio relative to the regional benchmark and index returns relative to the market cost of equity.
