EQUITY RESEARCH - COMPANY REPORT

AP (THAILAND) AP TB

THAILAND / PROPERTY DEVELOPMENT

- คาดกำไร 2Q23 ที่ 1.5 พันลบ. (+3% q-q, -3% y-y) แม้ว่ายอดูโอนจะต่ำกว่าคาดอยู่ เล็กน้อย แต่คาดผลประกอบการจะได้แรงหนุนจากอัตรากำไรขั้นตันที่ดีและการบริหาร จัดการดันทนอย่างมีประสิทธิภาพ
- Momentum ในช่วง 2H23 ที่เป็นบวก และ Valuation ที่อยู่ในระดับต่ำจะเป็นปัจจัยหนุน สำคัญ
- คงแนะนำซื้อ ราคาเป้าหมาย 14 บาท (อิง P/E 2023E ที่ 7x)

คาดยอดโอนใน 2Q23 จะอ่อนลง q-q และ y-y

ใน 2Q23 คาดยอดโอนไม่สามารถเร่งขึ้น q-q ได้ตามเป้าของผู้บริหาร โดยเราประเมินยอดโอน ที่ 9 พันลบ. (-1% q-q, -6% y-y) แบ่งเป็นยอดโอนแนวราบทรงตัวที่ 8.8 พันลบ. (+1% q-q, -4% y-y) เนื่องจาก AP เปิดโครงการใหม่ส่วนใหญ่ในปลายเดือนพ.ค. - มิ.ย. ในขณะที่ยอดโอน คอนโดคาดหดตัว 41% q-q และ 40% y-y อยู่ที่ 287 ลบ. เนื่องจากไม่มีโครงการสร้างเสร็จใหม่ ประกอบกับคอนโดพร้อมโอนมีระดับต่ำที่ 2.4 พันลบ. ในด้านโครงการ JV เราคาดส่วนแบ่ง กำไรจาก JV ที่ 275 ลบ. เพิ่มขึ้น 15% q-q จากการโอนคอนโด The Rhythm Charoenkrung Pavillion ต่อเนื่องจาก 1Q23 แต่ลดลง 27% y-y ตามโครงการเหลือขายที่ลดลง

อัตรากำไรขั้นต้นที่แข็งแกร่งและการควบคุมต้นทุนจะช่วยหนุนกำไร 2Q23

เราคาดกำไรสุทธิ์ 2Q23 ที่ 1.5 พันลบ. (+3% q-q, -3% y-y) โดยมีปัจจัยหนุนสำคัญอยู่ที่ ความสามารถในการทำกำไรที่อยู่ในระดับสูง เนื่องจากเราคาดว่าอัตรากำไรขั้นต้นของธุรกิจ อสังหาริมทรัพย์จะทรงตัวในระดับสูงที่ 35.5% (เทียบกับ 32.4% ใน 2Q22) ซึ่งดีกว่าคาดการณ์ เดิมของเราที่ 34.5% หนุนจากการรับรู้โครงการแนวราบบางโครงการซึ่งเปิดตัวในช่วง 4Q22-1Q23 ซึ่งสร้างยอดขายได้สูงและสามารถปรับราคาขายขึ้นได้ นอกจากนี้ สัดส่วนค่าใช้จ่ายการ ขายและบริหารต่อรายได้คาดขยับลงเป็น 19.3% (เทียบกับ 19.7% ใน 1Q23) จากบริหาร จัดการที่มีประสิทธิภาพและการควบคมตันทนที่ดีขึ้น

แนวโน้มในช่วง 2H23 เป็นบวกจากคอนโดสร้างเสร็จและแผนเปิดตัวใหม่

หากผลประกอบการ 2Q23 ตามคาด กำไร 1H23 จะอยู่ที่ 3 พันลบ. (-9% y-y) และคิดเป็น 48% ของประมาณการทั้งปีของเรา เรามีมุมมองเชิงบวกต่อแนวโน้มกำไรใน 2H23 ซึ่งคาด เติบโต h-h และ y-y จากคอนโดสร้างเสร็จใหม่ใน 3Q23 อาทิ Aspire Pinklao-Arunamarin (1.2 พันลบ., ขายได้ 76%) และโครงการ JV อย่าง The Address Siam-Ratchathewi (8.8 พัน ลบ., ขายได้ 37%) นอกจากนี้ ยังมีแผนเปิดโครงการแนวราบใหม่ในช่วง 2H23 เพิ่มอย่างมี นัยสำคัญเป็น 37 โครงการมูลค่ารวม 47.6 พันลบ. (เทียบกับ 17 โครงการมูลค่า 17.6 พันลบ. ในช่วง 1H23)

คงแนะนำซื้อ ราคาเป้าหมาย 14 บาท

กลยุทธ์เปิดโครงการใหม่ของ AP ซึ่งมีการกระจายตัวในแง่ของผลิตภัณฑ์และทำเลคาดจะช่วย ขับเคลื่อนให้ส่วนแบ่งตลาดยังอยู่ในระดับสูงและสร้างยอดขายที่อยู่ในเกณฑ์ดี ขณะที่แนวโน้มที่ เป็นบวกในช่วง 2H23 ประกอบกับ Valuation ที่น่าสนใจ หุ้นชื้อขาย P/E 2023E ที่ 5.8x (เทียบกับค่าเฉลี่ยของกลุ่มฯ ที่ 8.3x) และคาดให้ผลตอบแทนเงินปันผลต่อปีที่ 6% เราคง แนะนำซื้อ

PREPARED BY FSS INTERNATIONAL INVESTMENT ADVISORY SECURITIES CO LTD (FSSIA). ANALYST CERTIFICATION AND IMPORTANT DISCLOSURES CAN BE FOUND AT THE END OF THIS REPORT

Investment thesis

Management has revealed an aggressive 2023 business plan that targets 1) 58 new project launches worth THB77.0b (+21% y-y) comprising 85% low-rise and 15% condos; 2) presales of THB58.0b (+15% y-y), split 78:22 between low-rise and condo projects; and 3) transfer revenue (including 100% JV) of THB56.3b. In particular, AP will focus more on the luxury market. It will also expand to five new provinces by launching five low-rise projects.

AP's strengths are its flexible and well-diversified portfolio. It covers both low-rise and condo projects in every market segment, both in Bangkok and in provinces with high potential growth.

Company profile

Founded by Mr Anuphong Assavabhokhin and Mr Pichet Vipavasuphakorn in 1991, AP was listed in 2000 after being merged with PCM Precast Floors Plc, which was founded by Land & Houses Plc (LH). AP has no cross shareholdings with LH.

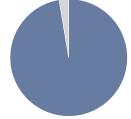

AP operates a property development business offering single-detached house (SDH), townhouse, duplex, home, and condominium projects, in residential areas in metropolitan Bangkok and the provinces.

- Vipavasuphakorn Family 3.5 %
- Others 75.2 %

Source: AP (Thailand)

Catalysts

Key potential growth drivers include:

- 1) The success of new launches in the low-rise segment;
- Higher-than-expected take-up rates for new condominiums;
- 3) The potential for provincial projects;
- 4) Better-than-expected GPM for new low-rise projects.

Risks to our call

Downside risks to our P/E-based TP include 1) rising competition in the low-rise market, such that it could hurt take-up rates; 2) weaker-than-expected take-up rates of new launches; 3) construction delays from labour shortages; 4) increasing raw material prices; and 5) the impact of the expiration of the loan-to-value (LTV) limit easing.

Event calendar

8 August 2023	2Q23 results announcement

Key assumptions

	2023E	2024E	2025E
Transfer revenue (THB m)	41,107	42,841	44,563
Service income (THB m)	1,116	1,138	1,161
Property GPM (%)	32.9	32.9	32.9
GPM (%)	34.1	34.1	34.1
SG&A to sales (%)	18.8	18.8	18.8

Source: FSSIA estimates

Earnings sensitivity

- For every 5% increase in transfers, we estimate 2023 net profit to rise by 3.7%, and vice versa, all else being equal.
- For every 0.5% increase in property GPM, we estimate 2023 net profit to rise by 2.7%, and vice versa, all else being equal.
- For every 0.5% increase in SG&A, we estimate 2023 net profit to fall by 2.7%, and vice versa, all else being equal.

Public disclosures related to sustainable development evaluation of Thai listed companies

Rating regarding the sustainable development of Thai listed companies, both on the SET and MAI, are publicly available on the website of the Securities and Exchange Commission of Thailand (SEC). Currently, ratings available are 1) "CG Score" by the Thai Institute of Directors Association (Thai IOD); 2) "AGM Checklist" by the Thai Investors Association (TIA), a "CAC certified member" of the Thai Private Sector Collective Action Against Corruption (CAC); and 3) Sustainability Investment List (THSI) by the Stock Exchange of Thailand. The ratings are updated on an annual basis. FSS International Investment Advisory Company Limited does not confirm nor certify the accuracy of such ratings.

CG Score by the Thai Institute of Directors Association (Thai IOD) 1

The CG Score indicates corporate governance (CG) strength in the sustainable development of Thai listed companies. Annually, the Thai IOD, with support from the Stock Exchange of Thailand (SET), surveys and assesses the CG practices of companies and publishes the results on the Thai IOD website in a bid to promote and enhance the CG of Thai listed companies in order to promote compliance with international standards for better investment decisions. The results are from the perspective of a third party, not an evaluation of operations, as of the date appearing in the report, and may be changed after that date.

The five underlying categories and weighting used for the CG scoring in 2022 include the rights of shareholders and equitable treatment of shareholders (weight 25% combined), the role of stakeholders (25%), disclosure and transparency (15%), and board responsibilities (35%).

The CGR report rates CG in six categories: 5 for Excellent (score range 90-100), 4 for Very Good (score range 80-89), 3 for Good (Score range 70-79), 2 for Fair (score range 60-69), 1 for Pass (score range 60-69), and not rated (score below 50).

AGM Checklist by the Thai Investors Association (TIA)2

The "AGM Checklist" quantifies the extent to which shareholders' rights and equitable treatment are incorporated into business operations and the extent to which information is sufficiently disclosed and the level of its transparency. All the considered factors form important elements of two out of five the CG components. Annually, the TIA, with support from the SEC, leads the project to evaluate the quality of Annual General Meetings of Shareholders (AGMs) and to rate quality of the meetings.

The Checklist contains the minimum requirements under law that companies must comply with, or best practices according to international CG guidance. Representatives of the TIA will attend the meetings and perform the evaluation. The assessment criteria cover AGM procedures before the meeting (45%), at the meeting date (45%), and after the meeting (10%). The first assesses 1) advance circulation of sufficient information for voting; and 2) facilitating of how voting rights can be exercised. The second assesses 1) the ease of attending meetings; 2) transparency and verifiability; and 3) openness for Q&A. The third involves the meeting minutes that should contain discussion issues, resolutions and voting results.

The results are classified into four categories: 5 for Excellent (score 100), 4 for Very Good (score 90-99), 3 for Fair (score 80-89), and not rated (score below 79).

CAC certified member by the Thai Private Sector Collective Action Against Corruption (CAC)3

A <u>CAC certified member</u> is a listed company whose Checklist satisfies the CAC Certification's criteria and is approved by the CAC Council. The core elements of the Checklist include corruption risk assessment, establishment of key controls, and the monitoring and developing of policies. Note that the CAC does not certify the behaviour of the employees nor whether the companies have engaged in bribery, and Certification is good for three years.

Companies deciding to become a CAC certified member start with by submitting a Declaration of Intent signed by the Chairman of the Board to kick off the 18-month deadline for companies to submit the CAC Checklist for Certification. The 18-month provision is for risk assessment, in place of policy and control, training of managers and employees, establishment of whistleblowing channels, and communication of policies to all stakeholders.

The checklist document will be reviewed by the CAC Certification Committee for adequate information and evidence. It is worth noting that the committee consists of nine professionals in business law, corporate governance, internal audit, financial audit and experienced representatives from certified members.

A passed Checklist will move on to the <u>CAC Council</u> for granting certification approvals. The CAC Council consists of twelve prominent individuals who are highly respected in professionalism and ethical achievements. Among them are former ministers, a former central bank governor, the former head of the Thai Listed Companies Association, Chairman of Anti-Corruption Organizations (Thailand), Chairman of Thai Institute of Directors, and reputable academic scholars.

Sustainability Investment (THSI)⁴ by the Stock Exchange of Thailand (<u>SET</u>)

Thailand Sustainability Investment (THSI) quantifies responsibility in Environmental, and Social issues, by managing business with transparency in Governance. The THSI serves as another choice for investors who desire to adopt a responsible investment approach, according to the SET.

Annually, the SET will announce the voluntary participation of the company candidates which pass the preemptive criteria, and whose two key crucial conditions are met, i.e. no irregular trading of the board members and executives and a free float of >150 by the number of shareholders, and combined holding must >15% of paid-up capital. Some key disqualifying criteria include a CG score of below 70%; independent directors and free float violation; executives' wrongdoing related to CG, social and environmental impacts, equity in negative territory, and earnings in the red for more than three years in the last five years. To become eligible for THSI, the candidate must pass three indicators in data declaration: Economic (CG, risk management, customer relation management, supply chain management, and innovation); Environmental (environmental management, eco-efficiency, and climate risk); Social (human rights, talent attraction, operational health & safety, community development, and stakeholder engagement); and the incorporation of ESG in business operations.

To be approved for THSI inclusion, verified data must be scored at a 50% minimum for each indicator, unless the company is a part of the Dow Jones Sustainability Indices (DJSI) during the assessment year. The scoring will be fairly weighted against the nature of the relevant industry and materiality.

Note that, from the THSI list, the SET further developed a sustainability <u>SETTHSI Index</u> in June 2018 from selected THSI companies whose 1) market capitalisation > THB5b (~USD150b); 2) free float >20%; and 3) liquidity >0.5% of paid-up capital for at least 9 out of 12 months. The SETTHSI Index is a market capitalisation-weighted index, cap 5% quarterly weight at maximum, and no cap for number of stocks.

Disclaimer:

Thai Institute of Directors Association (Thai IOD) was established in December 1999 and is a membership organisation that strives to promote professionalism in directorship. The Thai IOD offers directors certification and professional development courses, provides a variety of seminars, forums and networking events, and conducts research on board governance issues and practices. Membership comprises board members from companies ranging from large publicly listed companies to small private firms.

FINANSIA

Thai Investors Association (TIA) was established in 1983 with a mission to promote investment knowledge and to protect the investment rights of Thai investors. In 2002, the association was appointed by the Securities and Exchange Commission (SEC) to represent individual shareholders. To obtain information for evaluation, the association recruits volunteer investors to join AGMs and score the meetings. Weightings for each meeting are at a 45:45:10 ratio. They have been applied since 2017 and subject to change.

Thai Private Sector Collective Action against Corruption (CAC) was founded in 2010 and is 100% privately funded. It is an initiative by the Thai private sector to take part in tackling corruption problems via collective action. The CAC promotes the implementation of effective anti-corruption policies in order to create a transparent business ecosystem by developing a unique certification program for large/medium/small companies to apply for and to control corruption risk systematically and efficiently. The CAC's operations are sponsored by the US-based Center for Private Enterprise (CIPE) and the UK Prosperity Fund.

Sustainability Investment List (THSI), created by the Stock Exchange of Thailand in 2015, comprises the listed companies that conduct sustainable business operations.

⁵ Dow Jones Sustainability Indices – Wikipedia – Launched in 1999, DJSI evaluates the sustainability performance of companies based on corporate economic, environmental, and social performance.

Additional Disclosures

Target price history, stock price charts, valuation and risk details, and equity rating histories applicable to each company rated in this report is available in our most recently published reports. You can contact the analyst named on the front of this note or your representative at Finansia Syrus Securities Public Company Limited

FSSIA may incorporate the recommendations and target prices of companies currently covered by FSS Research into equity research reports, denoted by an 'FSS' before the recommendation. FSS Research is part of Finansia Syrus Securities Public Company Limited, which is the parent company of FSSIA.

All share prices are as at market close on 18-Jul-2023 unless otherwise stated.

RECOMMENDATION STRUCTURE

Stock ratings

Stock ratings are based on absolute upside or downside, which we define as (target price* - current price) / current price.

BUY (B). The upside is 10% or more.

HOLD (H). The upside or downside is less than 10%.

REDUCE (R). The downside is 10% or more.

Unless otherwise specified, these recommendations are set with a 12-month horizon. Thus, it is possible that future price volatility may cause a temporary mismatch between upside/downside for a stock based on market price and the formal recommendation.

* In most cases, the target price will equal the analyst's assessment of the current fair value of the stock. However, if the analyst doesn't think the market will reassess the stock over the specified time horizon due to a lack of events or catalysts, then the target price may differ from fair value. In most cases, therefore, our recommendation is an assessment of the mismatch between current market price and our assessment of current fair value.

Industry Recommendations

Overweight. The analyst expects the fundamental conditions of the sector to be positive over the next 12 months.

Neutral. The analyst expects the fundamental conditions of the sector to be maintained over the next 12 months.

Underweight. The analyst expects the fundamental conditions of the sector to be negative over the next 12 months.

Country (Strategy) Recommendations

Overweight (O). Over the next 12 months, the analyst expects the market to score positively on two or more of the criteria used to determine market recommendations: index returns relative to the regional benchmark, index sharpe ratio relative to the regional benchmark and index returns relative to the market cost of equity.

Neutral (N). Over the next 12 months, the analyst expects the market to score positively on one of the criteria used to determine market recommendations: index returns relative to the regional benchmark, index sharpe ratio relative to the regional benchmark and index returns relative to the market cost of equity.

Underweight (U). Over the next 12 months, the analyst does not expect the market to score positively on any of the criteria used to determine market recommendations: index returns relative to the regional benchmark, index sharpe ratio relative to the regional benchmark and index returns relative to the market cost of equity.
