EQUITY RESEARCH - ANALYST MEETING

THAILAND / HEALTH CARE SERVICES

BDMS TB

Key takeaways from analyst meeting

BANGKOK DUSIT MEDICAL SERVICES

TARGET PRICE THB36.50 **CLOSE** THB26.75 **UP/DOWNSIDE** +36.4% **TP vs CONSENSUS** +3.7%

Highlights

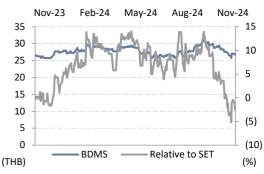

- We have a neutral view of the 3Q24 analyst meeting.
- Management slashed its 2024 revenue growth target to 7-8% from 10% previously (vs our 9% assumption) mainly due to an economic slowdown, which affects Thai patients, whose revenue should be flat y-y in Oct (vs +6% y-y in 3Q24).
- Robust international patient revenue growth momentum should continue in 4Q24, following double-digit growth in Oct (vs +8% y-y in 3Q24), driven by the Middle East (+26% y-y) and Europe (+13% y-y). They more than offset a CLMV patient revenue decline by 4% y-y in Oct, pressured by lower Cambodia patient revenue.
- A change in the UAE patient referral system from centralized to decentralized does not affect BDMS, given UAE patient revenue growth of 29% in 3Q24 and 25% in 9M24.
- Management targets a 2024 EBITDA margin of over 24% (vs 24.1% in 9M24) thanks to cost-saving strategies.
- BDMS targets at least 100 Longevity Card customers (THB1m/card) to receive exclusive benefits from BDMS Wellness Clinic.

Recommendation

- We expect y-y earnings growth momentum to continue in 4Q24, driven by healthy international patient revenue.
- BDMS is trading at an attractive valuation of 24x 2024E P/E, lower than its five-year average of 34x.

FSSIA ESG rating

★ ★ ★ ★

Exhibit 2: FSSIA ESG score implication

74.00 /100

Rating	Score	Implication
****	>79-100	Leading its industry peers in managing the most significant ESG risks which not only better cost efficiency but also lead to higher profitability.
****	>59-79	A mixed track record of managing the most significant ESG risks and opportunities relative to industry peers.
***	>39-59	Relevant ESG materiality matrix has been constructively addressed, well-managed and incorporated into day-to-day operations, in which targets and achievements are evaluated annually.
**	>19-39	Relevant ESG materiality matrix has been identified with key management in charge for progress to be followed up on and to provide intensive disclosure. Most targets are conventional and achievable.
*	1-19	The company has adopted the United Nations Sustainable Development Goals (UN SDGs), established sustainability management guidelines and fully complies with regulations or ESG suggested guidance from related organizations such as the SET and SEC.

Additional Disclosures

Target price history, stock price charts, valuation and risk details, and equity rating histories applicable to each company rated in this report is available in our most recently published reports. You can contact the analyst named on the front of this note or your representative at Finansia Syrus Securities Public Company Limited.

All share prices are as at market close on 19-Nov-2024 unless otherwise stated.

RECOMMENDATION STRUCTURE

Stock ratings

Stock ratings are based on absolute upside or downside, which we define as (target price* - current price) / current price.

BUY (B). The upside is 10% or more.

HOLD (H). The upside or downside is less than 10%.

REDUCE (R). The downside is 10% or more.

Unless otherwise specified, these recommendations are set with a 12-month horizon. Thus, it is possible that future price volatility may cause a temporary mismatch between upside/downside for a stock based on market price and the formal recommendation.

* In most cases, the target price will equal the analyst's assessment of the current fair value of the stock. However, if the analyst doesn't think the market will reassess the stock over the specified time horizon due to a lack of events or catalysts, then the target price may differ from fair value. In most cases, therefore, our recommendation is an assessment of the mismatch between current market price and our assessment of current fair value.

Industry Recommendations

Overweight. The analyst expects the fundamental conditions of the sector to be positive over the next 12 months.

Neutral. The analyst expects the fundamental conditions of the sector to be maintained over the next 12 months.

Underweight. The analyst expects the fundamental conditions of the sector to be negative over the next 12 months.

Country (Strategy) Recommendations

Overweight (O). Over the next 12 months, the analyst expects the market to score positively on two or more of the criteria used to determine market recommendations: index returns relative to the regional benchmark, index sharpe ratio relative to the regional benchmark and index returns relative to the market cost of equity.

Neutral (N). Over the next 12 months, the analyst expects the market to score positively on one of the criteria used to determine market recommendations: index returns relative to the regional benchmark, index sharpe ratio relative to the regional benchmark and index returns relative to the market cost of equity.

Underweight (U). Over the next 12 months, the analyst does not expect the market to score positively on any of the criteria used to determine market recommendations: index returns relative to the regional benchmark, index sharpe ratio relative to the regional benchmark and index returns relative to the market cost of equity.
