Published Reports

BOUND AND BEYOND (BEYOND TB) - Clear sign of a turnaround; Maintain BUY TP THB22.00

Positive feedback from analyst meeting on 25 Feb

Management guided for positive operations in 1Q24. The OCC rate jumped to 60% YTD (vs 53% in 1Q23 and 51% in 4Q23), and ADR also increased to cTHB22,000 (+7% y-y vs 1Q23). Thus, we initially estimate revenue to grow by 14% y-y to THB920m-930m with an EBITDA margin of 25% (vs 24% in 1Q23). This should result in 1Q24 core profit hitting a record high of THB35m-40m.

Interest expenses should decline by 7-9% y-y in 2024

Interest expenses are set to decline from 2Q24 onwards, as BEYOND recently repaid debentures worth THB577m and a prepaid bank loan of THB100m (from total interest bearing debt of THB5.8b), with interest rates of 6.25% and 7.5-7.8%, respectively. Thus, we forecast interest expenses to decline to THB393m in 2024 (vs THB426m) in 2023. After repaying debt, BEYOND still has a healthy balance sheet with cash on hand of THB0.7b-0.8b and EBITDA of THB0.8b-1.0b/year. This should be sufficient to support new investment projects (hotels and F&B), with estimated capex of THB2.5b-3.0b over the next three years.

Expect RevPAR to grow by 20% y-y in 2024

We expect BEYOND to firmly turn around in 2024, premised on management's targeted OCC rate of 59% (vs 52% in 2023) driven by the strong recovery of Chinese tourists (19% of revenue contribution in 2023) and more MICE travelers. We also expect ADR to increase by 5% thanks to a rise in the high-spending tourist trend this year. Overall, we forecast revenue to grow by 14% to THB3.4b (slightly higher than management's guidance of THB3.3b) and the EBITDA margin to improve to 25% (vs 18% in 2023), resulting in a 2024 core profit of THB134m.

Cheap investing option for Thai tourism stocks

We trim our 2024 core profit estimate by 11%, as we conservatively raise our tax rate assumption to 20%. We maintain our 2025 forecast and 2024 DCF-TP of THB22/shr. BEYOND is our wildcard tourism pick due to its cheap valuation of 15x 2025E P/E (normalized operating year). It also trades below the book value of THB21.7/shr, which is unjustified in our view, given that its core earnings should permanently turn profitable from 2024 onwards.

BANGKOK BANK (BBL TB) - Manageable asset quality deterioration; Maintain BUY TP THB191.00

Recovering 1Q24E profit despite rising ECL and credit costs

Despite the challenging economic conditions, we believe BBL has demonstrated its resilience with a recovery in 1Q24E net profit. Our estimate stands at THB10.4b, marking a significant rise of 17.7% q-q and 3.0% y-y, and accounting for 25% of our full-year forecast. This robust performance is primarily supported by a decline in operating expenses post-seasonal effect in 4Q23 and slight growth in the core business – NII and non-NII. We anticipate that rising ECL expenses and credit costs will be managed effectively without compromising the bottom line, thanks to a higher estimated PPOP by 24.9% q-q and 8.2% y-y. 1Q24 loans should also grow, aligning with its 2024 guidance and our forecast. Furthermore, we foresee a continued NIM expansion in 1Q24, bolstered by the interest rate hike in 4Q23. Regarding non-NII, we anticipate a slight increase in net fee income, reflecting loan-related fee growth.

Asset quality deterioration is manageable

While there are concerns about corporate loan issues in 1Q24, particularly ITD and its related supply chain, these issues are manageable in cases where there is a mutual agreement between creditor banks to inject additional liquidity – BBL would force debtors to liquidate part of their valuable assets. We predict an upward credit cost trend in 1H24 and a contrasting trend in 2H24. According to BBL, a higher NIM in 1H24 would support higher reserves before the NIM potentially declines in 2H24. Regarding the NPL ratio, we expect a slight increase to 3.26% in 1Q24. Thus, the 1Q24 coverage ratio should rise to 325% from 315% in 4Q23.

Maintain 2024-26 forecast; NII and fee growth are key catalysts

We retain our 2024-26 forecast with a 3.7% CAGR, based on a stable NIM (stable 2024 RP rate) and a slight increase in credit cost (amid the sluggish economic recovery and rising concerns about its corporate loan quality) assumptions exceeding its guidance.

Reiterate our BUY call with an attractive dividend yield

We retain our BUY call due to BBL's well-diversified operations. Our GGM-based 2024 TP is THB191, implying a P/BV of 0.65x. The current share price is cheap, trading below its 5Y average P/BV of 0.60x, with an attractive dividend yield of c4-5% p.a.

Economic news

- [Commerce slightly upbeat on Q1 exports](#) BANGKOK POST: The Commerce Ministry expects Thailand's export value in the first quarter this year to grow by 1-2%, driven by stable freight costs as shipments of major products such as rice, rubber, pet food, automobiles and electronics start to show signs of improvement. Keerati Rushchano, commerce permanent secretary, said exports are expected to grow steadily as the manufacturing sector recovers amid resilience of major trading partners' economies, including the EU and Japan.
- [Domestic sales still plummeting](#) BANGKOK POST: Domestic car sales continued to decline, especially in the pickup segment, falling by 26% year-on-year in February, which is expected to be the lowest level in two years, says the Federation of Thai Industries (FTI). Total car sales in the country amounted to 52,843 units, down from 71,551 units year-on-year.
- [PM's roadshows likely to draw B558bn](#) BANGKOK POST: Prime Minister Srettha Thavisin's recent roadshows to 14 countries to promote investment in Thailand are expected to draw an influx of at least 558 billion baht, according to the Board of Investment (BoI). BoI secretary-general Narit Therdsteerasukdi said the investments are anticipated to come primarily from four key industries -- digital (250 billion baht), electric vehicles (EV) and components (210 billion baht), electronics and semiconductors (95 billion baht), and logistics (3 billion baht).
- [Chinese EV makers fear price war](#) BANGKOK POST: Some major Chinese electric vehicle manufacturers are reportedly planning to ask Beijing to prevent a "price war" among Chinese automakers in overseas EV markets, including Thailand, aiming to maintain a good image in the industry. Two or three companies plan to talk with Chinese authorities, hoping for help as they see that current difficult conditions might make their sales targets unachievable, said Narong Sritalayon, managing director of the Chinese carmaker Great Wall Motor (GWM).
- [Foreign firms in Hong Kong review operations after national security legislation](#) BANGKOK POST: HONG KONG: Foreign companies in Hong Kong have been reviewing their operations since last year ahead of the now-passed domestic national security legislation, but they had already made major changes after the Beijing-imposed version came into force in 2020, corporate lawyers and consultants have said. City and central authorities have reassured the international sector that the new legislation, mandated under Article 23 of the Basic Law, the city's mini-constitution, would not disrupt their operations and would be beneficial to the city's business environment.
- [Car production drops 19.3% on EV imports](#) BANGKOK POST: Car production in Thailand fell 19.3% in February from a year earlier to 133,690 units, the Federation of Thai Industries (FTI) said on Tuesday, largely due to a decline in production of pickup trucks and more imported electric vehicles (EVs). The figure compared with a 12.5% year-on-year drop in January. Car exports were up 0.22% year-on-year in February.

Corporate news

- ['Store of Bangkok' set for December launch](#) BANGKOK POST: Central Department Store, under Central Retail Corporation (CRC), has invested 4 billion baht to transform Central Chidlom into a luxury department store through a major renovation programme, with plans to officially open the store in December this year. The company recently announced a strategic plan to transform Central Chidlom into a luxury department store branded "The Store of Bangkok", involving a 4-billion-baht investment.
- [Kerry Thailand to get more support from Chinese parent](#) BANGKOK POST: SF Express, the largest integrated logistics provider in China and Asia, has become the majority shareholder of Kerry Express (Thailand) Plc (KEX), holding 62.66% as a result of a mandatory tender offer for shares. The company said the move would help enable KEX to upgrade its services and bounce back to profitability.
- [Syntec sets record for new projects](#) BANGKOK POST: Contractor Syntec Construction Plc secured a record high 21 new projects worth a combined 12.8 billion baht last year, benefiting from the recovering condo sector and less intense competition post-pandemic. Chief executive Somchai Sirilertpanich said the number of new condo projects launched last year exceeded the level in 2021-22, when developers slowed new launches.
- [Threefold increase in Thai AirAsia's bookings to China](#) BANGKOK POST: Following the implementation of the permanent visa-free scheme between Thailand and China, Thai AirAsia has reported that bookings from Thailand to destinations in mainland China have experienced a threefold increase. The company expects Thai passengers to account for a 20% share of all passengers travelling on Chinese routes this year.
