Thailand Tourism - Samui & Vietnam outshine Thailand's tourism slowdown

Thailand tourist arrivals grew 7% in Jan-Feb 2025, missing our estimate by 4%

After Chinese New Year, Thailand tourist arrivals slowed and fell by 7% y-y in Feb-25 due to a sharp drop in Chinese tourists (-45% y-y) following concerns over scam centers. As a result, total tourist arrivals grew only 7% y-y to 6.8m in Jan-Feb 2025, lower than our estimate by 4%. This makes our and the Tourism Authority of Thailand's 2025 tourist arrival target of 39-40m more challenging. We expect Chinese tourists to bounce back and grow again during Songkran in April and China's Golden Week in May at the earliest.

Samui passengers hit a record high in Jan and grew 14-15% y-y YTD

In this report, we will focus on finding alternative investment options under the tourism sector. First, according to CAAT, Samui passengers remained strong and grew by 15% y-y in Jan-Feb 2025 and have continued to grow further by 14% y-y in the first two weeks of Mar-25. This is an opposite trend to Thailand's tourist arrivals, given the drop in Chinese tourists, with the majority being Europeans. BA would benefit the most, with a revenue contribution from Samui of 68%, followed by AWC (12%), SHR (6%) and CENTEL (5%).

Vietnam and Japan are promising tourism markets in 1Q25

Vietnam is also an interesting alternative, with tourist arrivals up 30% y-y in Jan-Feb 2025, exceeding the pre-Covid level by 7%. Although there are no directly benefiting stocks, we believe SAV will indirectly benefit as overflight departures from Vietnam make up 22% of SAV's total flights. We also expect SAV's overflight volume to grow 30-40% in Jan-Feb 2025. Combined with the growth in Cambodia's international flights of 15-20% y-y, we expect SAV's core profit to hit a new high in 1Q25. The Japan tourism industry is also strong, with tourist arrivals up 41% y-y in Jan-25. However, the exposure to Thai tourism stocks is limited, with 7% and 4% revenue contributions to CENTEL and ERW. For Maldives, tourist arrival growth slowed to 5% y-y in Jan-Feb 2025 (vs 9% in 2024), possibly due to a higher departure tax for passengers since Dec-24 from USD30-120 to USD50-480, depending on airlines' class of service. This would affect SHR and CENTEL more, with 26% and 6% revenue contributions.

Maintain Overweight; prefer monopoly plays during volatile market

Despite weak inbound Chinese tourist arrivals, share prices have partially reflected the concern. In addition, non-Chinese tourists have remained strong, growing 11% y-y in Jan-Feb 2025. Our top tactical picks are monopoly plays, BA and SAV. We like BA for its promising outlook from Samui, potential The White Lotus effect and cheap valuation of 11x 2025E P/E. For SAV, the swift recovery of flight traffic in ASEAN pacific, strong growth of Vietnam tourism and superior ROE of 35% appeal to us.

Exhibit 1: Summary of growth and recovery rates of key markets' tourist arrivals in Jan-Feb 2025

Jan-Feb 2025 tourism data	Growth y-y		% of pre-Covid		Note
Market	Total tourist arrivals	Chinese tourist arrivals	Total tourist arrivals	Chinese tourist arrivals

Economic news

- [All eyes on crucial Fed interest rate meeting](#) BANGKOK POST: The US Federal Open Market Committee (FOMC) meeting, scheduled for March 18-19, is expected to be a crucial indicator of the stock market's direction alongside precious metal prices, following spot gold's record high of US\$3,004.86 per ounce on Friday. Nevertheless, following that rise, profit-taking caused a slight decline in gold prices, dropping 0.1% to \$2,986.26 per ounce at 2.01pm Eastern Time (1.01am Bangkok time) on the same day. The risk of a trade war and tariffs imposed by US President Donald Trump have driven investors to seek safe assets as a way to manage the economic uncertainty. Gold is also supported by strong central bank demand, with major buyers like China increasing their gold reserves for a fourth consecutive month in February.
- [Visa-free stay in Thailand to be cut to 30 days](#) BANGKOK POST: The period of visa-free stays in Thailand is set to be reduced from 60 days to 30 days as related authorities have agreed in principle to the move in an effort to curb the risk of illegal businesses exploiting the visa exemption scheme, according to the Tourism and Sports Ministry. Tourism and Sports Minister Sorawong Thienthong said the Foreign Ministry acknowledged the issue as it had been widely discussed among all related stakeholders in the past few weeks. He said they all agreed in principle to reduce the period of stay from 60 days to 30 days for citizens from countries granted a visa exemption under the programme. However, additional details would be discussed before formally announcing the adjustment to the regulation. Since July 2024, the government has allowed passport holders from 93 countries to enter Thailand for tourism purposes for a period not exceeding 60 days. This had earlier been granted to citizens of 57 countries. However, tourism operators expressed concern over the extended period as long-haul tourists typically stayed for only 14-21 days on average, while short-haul travellers spent less than two weeks per trip or around seven days on average.
- [Foreigners key to North's residential market](#) BANGKOK POST: The residential market in Chiang Mai and Chiang Rai will need to rely on demand from China and Myanmar, along with locals in the upper-end segment as lower-income earners continue to struggle in terms of purchasing power and access to mortgage loans. Nawara Sakulnamarka, assistant director of the Bank of Thailand's Northern Region Office, said foreigners have helped drive property demand in Chiang Mai amid limited purchasing power among locals, especially in the lower-end segment. "Household debt remains high, and purchasing power has yet to recover, particularly among low-income earners and freelancers," he said. "This trend is also increasingly affecting salarymen." In the fourth quarter of 2024, newly issued mortgage loans in the North, with over 90% in Chiang Mai, declined by 3.9% year-on-year. This marked an improvement from a 13% drop in the third quarter, but the overall decline for the year remained significant.

Corporate news

- [Super eyes pacts to up capacity](#) BANGKOK POST: Thai renewable energy developer Super Energy Corporation Plc is keen on partnering with companies to increase electricity generation capacity to serve growing demand for clean energy in Southeast Asia. New partnerships would help the company further develop its solar and wind farms as well as waste-to-energy projects in Thailand and Vietnam, said Jormsup Lochaya, chairman and chief executive of Super Energy. In Thailand, Super Energy is in talks with companies to jointly run a solar power business with a battery energy storage system after it was awarded licences by the Energy Regulatory Commission (ERC) to develop solar power generation facilities, with a combined capacity of 360 megawatts, said Mr Jormsup. Super Energy is seeking partners for the joint development of a 40-MW wind farm project, also awarded by the ERC. In July last year, Super Energy joined hands with NMB Minebea Thai, a manufacturer of small bearings, mechanical parts and electronic devices, to set up a joint venture named Minebea Super Solar Power Co to jointly run a private power purchase agreement (PPA) business. Under the private PPA, which is not based on the state grid, a company installs solar panels for its customer and runs a maintenance programme in return for electricity prices paid by the customer for a certain period of time. "The private PPA business in the Thai and Vietnamese markets has a high growth potential, driven by demand from companies in the digital technology sector which relocate or expand their businesses into Southeast Asia," said Mr Jormsup. Super Energy also runs four wind farm projects in Vietnam -- the 30-MW Soc Trang, 141-MW Bac Lieu, 200-MW Phu Yen and 50-MW Dak Song. The company is waiting for Vietnamese authorities to approve a licence to operate the Soc Trang offshore wind farm.
- [Regulator orders TPL to clarify 3 critical issues by March 31](#) BANGKOK POST: The Stock Exchange of Thailand (SET) has ordered Thai Parcels Plc (TPL) to clarify three critical issues by March 31, following auditors' observations regarding the use of funds from its initial public offering (IPO) for land acquisition and new business investments. The first critical issue concerns the company's 80-million-baht deposit for land intended for the construction of a distribution centre. However, the company later cancelled the purchase and has not yet recovered the deposit from the seller. Preliminary findings indicate that the landowner holds a 2.03% stake in TPL, raising questions about the relationship between the seller and the company. The SET has asked TPL to clarify the progress in reclaiming the deposit, the reasons behind cancelling the land purchase and its future plans for the distribution centre investment. This report can be found on the SET website.
- [Call to give local firms same perks as foreign investors](#) BANGKOK POST: The Thai Chamber of Commerce (TCC) is urging the government to grant Thai businesses the same incentives that foreign investors currently enjoy. This is viewed as vital for boosting production efficiency and bolstering the country's competitive edge. Following a recent meeting with the Commerce Ministry, Sanan Angubolkul, chairman of the TCC, emphasised the necessity for Thai businesses to improve their production capability and machinery efficiency, thus they should receive the same benefits as foreign investors. Poj Aramwattananont, vice-chairman of the TCC, noted that the Board of Investment (BoI) should renew tax incentives for Thai investors whose prior benefits have lapsed. These include exemptions on corporate income tax and import duties for imported machinery to assist Thai investors in modernising production, particularly in sectors that are increasingly reliant on AI and robotics.

- [**Board of Investment approves B200bn of projects to expand Bangkok metro system, data-centre network**](#)
BANGKOK POST: Thailand approved investment applications worth a combined 200 billion baht, led by a Bangkok transit line and three data centers, giving a potential boost to the nation's lackluster economic growth. The biggest project is Bangkok Expressway and Metro Plc's 109 billion baht investment in the Orange Line to help connect Bangkok's western and eastern suburbs from Bang Khunnon to Min Buri, according to a Board of Investment statement after its board meeting on Monday. Also approved for tax and other incentives were three data-centre and cloud-services projects, the largest being China's Beijing Haoyang Cloud Data Technology Co's 72.7 billion baht plan for a facility with an information technology load of 300 megawatts in Rayong province, the BoI said. In January, social media platform TikTok won approval to invest \$3.8 billion (127 billion baht) in data-hosting services. "Ensuring that the digital infrastructure, including data centres, keeps in line with the demand of foreign investors and local entrepreneurs is essential to Thailand's competitiveness," said BoI secretary-general Narit Therdsteerasukdi. The government is seeking to ramp up economic growth this year to as high as 3.5%, from 2.5% in 2024, by boosting exports, tourism and investment. Investment applications jumped 35% year-on-year to \$33 billion in 2024, the most in about a decade, led by foreign firms' projects in the digital sector.
- [**World's biggest stock rout deepens as Thai market rescue falters**](#) BANGKOK POST: An ambitious campaign to revive Thailand's battered stock market is falling flat, as entrenched pessimism about the economy accelerates a foreign funds exodus. Seven months after \$4.5 billion was newly injected into the Vayupak Fund, analysts have been left perplexed by how little it's helped the benchmark SET Index. The stock gauge has tumbled more than 16% this year, making it the world's worst performer among 92 indexes tracked by Bloomberg. Over the past 12 months, foreigners pulled out \$4.2 billion, the most across Southeast Asia. At the heart of weak investor sentiment is a lack of confidence that policymakers will be able spur the economy beyond tourism, as well as deep-rooted concerns about high household debt, political uncertainties and corporate scandals. US President Donald Trump's tariff war is adding to the headwinds as a stronger dollar has forced investors to flee from emerging markets.
