## Published Reports

### NSL FOODS (NSL TB) - Key takeaways from Opportunity Day; Maintain BUY TP THB33.00

#### Highlights

- Management maintains its 2026 revenue growth target of 13–15% y-y, supported by all segments: Bakery, Food Service, and Exports. The company plans to launch at least 180 new SKUs this year.
- Revenue from the Middle East accounts for about 12% of export sales, or only 0.6% of total revenue. Most sales are on an FOB basis, meaning customers bear the shipping costs.
- The gross margin target of 21% (up from 19.5% in 2025) appears relatively ambitious. The improvement is expected to come from stronger revenue growth, better capacity utilization, cost control, and improved production efficiency in the export and food service segments.
- The company is installing machinery at its new plant in Chonburi. Test runs are expected in 2Q26, with commercial operations starting in 3Q26. The project remains on schedule.
- At the Opportunity Day meeting, management indicated that 1QTD gross margin should be close to the 1Q25 level of 21.3%, implying a 2.7 ppts q-q increase from 18.6% in 4Q25.

#### Comments

- We maintain a positive view following the meeting. We project 2026 revenue growth of around 11.5% y-y, mainly driven by domestic sales, which account for about 95% of total revenue. Export revenue is expected to grow around 20% y-y, partly due to a low base.
- In the near term, 1Q26 revenue should grow in line with expectations. Domestic sales are likely to increase both q-q and y-y, supported by new product launches and customer reviews. Export sales may soften q-q due to high shipments in 4Q25, but should still grow y-y on a low base.
- We expect 1Q26 gross margin to recover to around 19–20%, partly due to changes in revenue mix. Net profit for 1Q26 is estimated at THB165–170m, showing solid q-q growth and potentially flat y-y performance.
- Raw material costs remain stable. Cheese and butter are mainly imported from New Zealand and are not affected by geopolitical tensions. However, oil prices remain a key risk. Transportation costs account for about 3.9% of revenue; a 10% rise in oil prices would reduce profit by roughly 3%.
- We reiterate our BUY call with a target price of THB33. The stock is currently trading at 10.3x 2026E P/E.

## Economic news

- [Geopolitical risks cloud equity market outlook](#) BANGKOK POST: Escalating tensions between Iran, the US and Israel could trigger a major military confrontation within 3-4 months, potentially driving crude oil prices as high as US\$135 per barrel in a worst-case scenario, pundits warn. Speaking at a recent event hosted by the Stock Exchange of Thailand (SET) and the Investment Analysts Association, Boontham Rajitpinyolert, a lecturer in economics at Kasetsart University, said he anticipates a 60% probability that the US will launch military strikes on Iran within 3-4 months, potentially as part of a larger operation that could focus on regime change. Geopolitical tensions could intensify ahead of the US midterm election cycle, while Iran's military capability, particularly with support from the Islamic Revolutionary Guard Corps, suggests the conflict window may last 3-4 months before easing, with conditions potentially stabilising between May and June, said Mr Boontham. In a worst-case scenario, he said crude prices could spike to \$135 per barrel, which would significantly affect global inflation and corporate earnings. Thailand remains particularly vulnerable to oil shocks as the country imports energy equivalent to around 6.5% of GDP, with 58% sourced from the Middle East, said Mr Boontham.
- [Banks tighten digital checks to curb mule accounts](#) BANGKOK POST: Banks are tightening monitoring of digital transactions to prevent the use of mule accounts, as fraudsters shift their activities after stricter controls were imposed on conventional bank accounts. A banking industry source who requested anonymity said banks are intensifying scrutiny of digital transactions to curb mule accounts, as signs have emerged that fraudsters are increasingly turning to digital deposit accounts after tighter measures were introduced on regular bank accounts in compliance with Bank of Thailand regulations. "Although there has not yet been a significant increase in fraud through digital deposit accounts, banks need to take pre-emptive measures to control the problem," the source said. Transaction limits and minimum balance requirements set by individual banks are aligned with the regulator's customer profiling guidelines, which classify customers based on financial behaviour and risk profiles under the S, M and L categories. Regarding the tighter mobile banking transfer limits, daily transfer ceilings are categorised into three tiers: less than 50,000 baht (S), 50,000 baht to 200,000 baht (M), and more than 200,000 baht (L). The category depends on a customer's risk profile and each bank's know-your-customer assessment. Bangkok Bank (BBL) recently announced holders of its e-Savings accounts would be required to maintain a minimum balance of 2,000 baht. Customers would be unable to make withdrawals or transfers causing the account balance to fall below this threshold, with implementation scheduled for April 9, 2026. However, the bank revoked the measure on Tuesday after it sparked widespread criticism on social media.
- [Fiscal position 'sufficient' for fuel subsidies](#) BANGKOK POST: The government is in good fiscal condition, with a buffer of 300 billion baht if it needs to guarantee loans for the Oil Fuel Fund for subsidies, according to the Ministry of Finance. The ministry is awaiting word from fund officials about whether they intend to borrow funds, with the Finance Ministry acting as guarantor, in order to stabilise domestic retail fuel prices, said a ministry official who asked not to be named. Authorities will also assess how much borrowing is appropriate, as well as review the fund's financial position and the extent of its deficit, the official said. The government crafted a deficit budget for fiscal 2026, with 860 billion baht in borrowing planned to finance the shortfall. If the full borrowing amount is utilised, something that usually does not happen based on budget disbursement efficiency, public debt could rise to a maximum of 68.2% of gross domestic product — close to the 70% ceiling. As of January, Thailand's public debt was 66% of GDP.
- [Economist warns Thailand could encounter stagflation](#) BANGKOK POST: Thailand is at risk of stagflation as oil prices skyrocket during the Middle East conflict, while the new government has yet to take office and is unable to take steps to prop up a weak economy, says economist Amonthep Chawla. Mr Amonthep, chief economist with the research centre of CIMB Thai Bank, projects the Thai economy could experience flat growth or even quarter-on-quarter contractions in the first half of this year. Even though oil prices eased on Tuesday, falling below \$100 per barrel, he said uncertainties remain as the Strait of Hormuz is still blocked, while tensions are high between Iran and the US-Israel alliance. Oil-exporting countries have also lowered their production, limiting supply amid regional conflicts, said Mr Amonthep. "At current prices of less than \$100 per barrel, oil-related issues are manageable for the government," he said. "In terms of subsidies, I would suggest the government subsidise prices only for specific groups instead of blanket subsidies, and encourage more efficient energy consumption." If the Middle East war intensifies and drags on for more than two months, Mr Amonthep said the Thai economy would be under pressure and monetary policy alone would be insufficient to address the challenges.
- [Thai travel agents pessimistic about long-haul market recovery](#) BANGKOK POST: Thailand's tourism industry is struggling with the sudden impact from the Middle East conflict on long-haul travel, with weekly arrivals down 13% due to flight disruptions. In light of emerging trends, the Association of Thai Travel Agents (Atta) says arrivals to Thailand from long-haul source markets could fall by as much as 50% this year. Long-haul markets, which contributed 10 million visitors, were one of the few bright spots in 2025, when overall foreign arrivals to Thailand declined by more than 7%. According to the Ministry of Tourism and Sports, weekly arrivals between March 1 and 8 fell by 9% from the previous week to 616,229, following the escalation of the US-Israel conflict with Iran that began on Feb 28. Long-haul markets recorded the steepest decline at 13%, with arrivals from Europe and the Middle East dropping by 18%. The largest decreases were among tourists from Germany, Russia, the UK, France and Israel. From Jan 1 to March 8, foreign arrivals totalled 7.24 million, down 4.35% from the same period a year ago. China remained the largest source market at 1.18 million, followed by Malaysia (685,126), Russia (566,259), India (468,340) and South Korea (343,349). Adith Chairattananon, honorary secretary-general of Atta, said the war is expected to significantly affect long-haul markets. The association forecast a possible decline of up to 50% for the entire year if the situation does not improve soon.

## Corporate news

- [\*\*SCG halts olefins unit following Hormuz disruption\*\*](#) BANGKOK POST: Industrial conglomerate Siam Cement Group (SCG) is temporarily shuttering its olefins plant in Rayong, though it remains confident its other businesses will continue to operate as normal during the conflict in Iran. The operations of Rayong Olefins, a subsidiary of SCG Chemicals (SCGC), are being suspended under a declaration of force majeure, the company said in a statement. "Other SCGC plants and SCG business units remain operational," said Thammasak Sethaudom, president and chief executive of SCG, the parent firm of SCGC. Business units such as Cement and Building Materials are accelerating the transition to alternative energy sources (non-oil-based) to reduce energy volatility and enhance competitiveness, he said. SCG remains confident in its robust financial position and maintains sufficient cash reserves should the situation persist.
- [\*\*MR. D.I.Y. targets 1,500 outlets nationwide by 2027\*\*](#) BANGKOK POST: MR. D.I.Y. Holding (Thailand) Plc plans to invest 4 billion baht this year, aiming to open 210 new stores and build an automated warehouse to support its expansion. Some 2.1 billion baht is allocated for new stores and warehouse expansion, while 1.9 billion baht will be used to construct a 160-rai automated warehouse in the Araya Industrial Estate in Samut Prakan, including related expenses, the company said. The automated warehouse is expected to support product distribution for around 3,000 stores when fully completed by 2031, with partial operations beginning in 2028. Chief executive Andy Chin said Thailand still has significant room for growth in the home improvement and lifestyle retail market. The company offers roughly 16,000 items across six core categories. Around 75% of its products are imported from China, India, Malaysia, Indonesia and Vietnam, while 25% are sourced locally from around 300 suppliers, he said. MR. D.I.Y.'s products are around 27% cheaper than comparable products offered by other retailers because of its cost-based pricing strategy, which is difficult for competitors to replicate, said Mr Chin. This strategy has reinforced the company's position as the fastest-growing general home improvement and lifestyle retailer in Thailand, with strong market share and brand recognition, he said.
- [\*\*Sansiri confident amid global turmoil\*\*](#) BANGKOK POST: Construction costs for housing and condo projects already launched remain largely unaffected by global uncertainties, although a prolonged rise in oil prices could push up building costs for new developments, says SET-listed developer Sansiri. Uthai Uthaisangsuk, the company's president, said Sansiri is monitoring cost pressures but expects to keep expenses under control in the short term. "We are monitoring the situation," he said. "We have around 12 billion baht worth of ready-to-move units that were built at earlier cost levels." The company also has ongoing projects that use earlier input prices. For single detached houses, Sansiri typically purchases construction materials up to a year in advance and locks in prices for key items. For condo projects, construction costs are locked in through contracts with contractors, meaning projects already launched face minimal cost impact.
